Act 3 Coming 2026.

**Message from the Author:**

[Come, Sweet Death](#)

This is a particularly violent image. While this is dark story intended for a mature audience due to the presence of artistic graphic imagery, it's important to note that not everyone engaging with SCP: Secret Laboratory's story can handle seeing something like this. Just because you can, doesn't mean others can. So, we ask that you please be considerate when sharing this image. Provide ample trigger warnings and go as far as to spoiler the image as to avoid creating an unsafe environment for fellow members of the community.

We hope you've enjoyed Act 2. Stay safe, and see you in 2026.
