DESCRIPTION:

LTE-623-Excelsior is a spherical entity capable of achieving perfect polymorphism. LTE-623-Excelsior has an inherent goal of causing pain and terror to as many humans as possible. As such, its termination should be placed at the highest possible priority.

HISTORY AND LIQUIDATION:

Kewpie Facility Site-118 was instructed by Ego PTOLEMY personnel to move forward with the termination of LTE-623-Excelsior. Despite initial reluctance, Kewpie staff obliged.

Kewpie records indicate that LTE-623-Excelsior was tricked into shapeshifting into a *Rattus norvegicus* after witnessing Kewpie Researcher █████ faint at the sight of one.

Carbon monoxide was then released into LTE-623-Excelsior's holding cell, causing it to succumb shortly after.

Evidence of liquidation was brought by Kewpie staff in the form of LTE-623-Excelsior in its deceased *Rattus norvegicus* form.

Dr. Louef: So, it's done then?

Dr. Filthaut: Yea.

Dr. Louef: Poor little guy.

Dr. Filthaut: Well, not like we could've done anything else.

Dr. Louef: Mhm.

Dr. Filthaut: I'll handle the documentation, don't worry.

Dr. Louef: Thanks.

Dr. Filthaut: So, what did you bring for this month?

Dr. Louef: Oh, this? The Abominable Snowman 1957.

Dr. Filthaut: 'That the one with Peter Cushing in it?

Dr. Louef: Yea, haha.

Dr. Filthaut: Right, well. Go on then.

[Filthaut opens the containment chamber door. Louef walks in carrying a VHS tape.]

[The door shuts, and the camera picks up audio near the door.]

["Boo! Cover in fear! Ha ha! It's just me, doc! I got you again, didn't I?"]
