THREAT ENTITY LIQUIDATION LOGS  
2024-09-06

**LEVEL 4 CLEARANCE REQUIRED**

**THREAD ID:**

SCP-7458  
LTE-7458-Green-Typhon

**AUTHORIZED RESPONSE LEVEL:**

**0**

(Confirmed Destroyed, File Archived)

**DESCRIPTION:**

LTE-7458-Green-Typhon was a humanoid male with no visual discrepancies between itself and a standard human. The object possessed a subconscious conflagration ability which triggered upon witnessing individuals other than itself receiving praise. LTE-7458-Green-Typhon was a skilled emotional manipulator according to Kewpie records, a skill it often utilized in an attempt to feed its ego and fish for compliments.

**HISTORY AND LIQUIDATION:**

LTE-7458-Green-Typhon was selected for destruction following an analysis of humanoids in Kewpie containment for possible use to Ego/Kewpie ██████████ purposes, which deemed the object a liability.

LTE-7458-Green-Typhon was executed via firing squad on 09-06-2024.

Johannes Gunderson was one of the several humanoids from Site-17 whose terminations were escalated by the recent invasive ETTRA audit. It happened late into the night. One second of silence, then my inbox was full of pre-approved emergency liquidations. I had no idea what was happening. Maddening, that's what it was.

When the GOC submits a motion to terminate one of the Foundation's SCPs, there's always a reason why. Housefire, containment breach, loss of life. Johannes Gunderson died for nothing. He died because of a hunch. Because ETTRA exaggerated his anomalous behavior and they had him shot.

Nobody's paying attention. Not the Ethics Committee, not even the O5.
