[BEGIN LOG]

(A man is kicking a metallic object.)

Cromwell: Stupid freaking thing. Come on!

(An alarm starts to blare from the metallic object followed by a robotic voice.)

Object: Vandalism is strictly prohibited in the Ethics Committee. Please remain still for scanning. Scanning... Cromwell, Simon. Junior Supervisor.

You again, huh? Aren't you being a little bit silly?

Cromwell: Great, now a vending machine is chewing me out. I gave you a dollar! Where's the drink?

Object: If you provided this system with the necessary amount of currency, then this system would know, Junior Supervisor. Please refrain from kicking this system.

Cromwell: Who thought it was a good idea to program this thing?

Object: This system has feelings, too.

Cromwell: No, you don't.

Object: Yes, it does.

Cromwell: Spit out the soda! I put a dollar in. I typed in 26 on the numpad. Give it to me!

Object: No currency detected.

Cromwell: I hate this stupid thing.

Object: You seem upset. Would you like a fizzy drink for only one dollar?
